No.MJP/MS/TS-1/350/ 486

C I R C U L A R N O. -12

Sub : Conditions/ clauses to be mentioned in the Tenders as stipulated in Common D.S.R. for 98-99

A common DSR for all the regions of MJP has been made applicable with effect from 19-12-98.

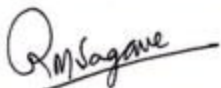

In the D.S.R. on page No.216 & 221, these are notes related to the work of RCC GSR and ESR respectively according to which conditions from 1 to 11 given on the above mentioned pages shall form part & parcel of the tender documents. In addition to this, there are general notes at Sr.No. 16 to 19 on page No.2 of DSR which are also to be included in the draft tender papers.

Mainly the DSR is used for the purpose of estimation at the time of preparation of the schemes for Administrative Approval and for working out cost of works, once the tenders are received, for comparing the offer received with current C.S.R. cost.

Therefore, it may be possible that those who are responsible for preparation, checking & scrutiny of DTPs may miss the necessity of inclusion of these conditions while framing the draft tender papers.

In view of above, you are hereby directed to see and confirm that the tender documents include the conditions stipulated in the D.S.R., in the Tender papers at appropriate place.
