## CIRCULAR NO: - 58

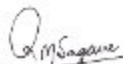

Sub: Need of keeping contact with the MLA / MP from the constituency  
Furnishing information about scheme.

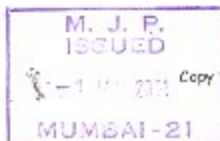

A) It has been observed during review meetings taken by Hon. Minister [ State ], WSS that the MLA / MP from the area [ in which WSSs programme is on ] is not kept or informed of the progress. This leads to non-transparency and misunderstanding.

All are therefore directed to have a proper rapport with the public representatives and see that they are well apprised of the scheme and progress of works etc.

B) Whenever any information on scheme is submitted, data on following points should invariably be provided.

- If Quality Problem Village / Town
- LPCD [ Summer / normal ]
- In case of RR Piped WSS, if any village, having 40 lit or more supply, can be deleted and individual source can be adopted for such villages.
- Whether local bodies' consent to the type of scheme taken or not.
